

SAIRAM REDDY

Financial Accountant | AI & Automation | Hyderabad, India
8985260615 | sairamr62@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

SUMMARY

AI-first Accountant with 5.3+ years of experience modernizing finance operations — pairing deep expertise in **full-cycle accounting, payroll, GST/TDS, and audits** with hands-on AI engineering to cut close cycles, eliminate manual rework, and sharpen management reporting. Currently leads a team of 4 at Hoopst.ai, where I **build internal automations with Claude Code, deploy LLM-driven workflows for bank and ledger reconciliations**, and turn raw financial data into decision-ready insights for leadership. Bachelors in accounting & finance with an Investment Banking foundation. I bring the rigor of a CA-track accountant and the velocity of an AI builder — doing more with less, faster, every quarter.

EXPERIENCE

Financial Accountant | Hoopst.ai (Vaave), Hyderabad

October 2025 – Present

- **Leads and mentors a team of 4**, allocating work, reviewing output, and lifting overall team throughput by ~30% through process re-engineering and AI-assisted workflows.
- **Oversees journal entries, ledger maintenance, and accounts receivable** — ensuring timely invoicing, collections, customer-account reconciliation, and accurate monthly close.
- **Builds internal tools with Claude Code** to automate recurring accounting workflows — increasing team efficiency by ~20% and cutting turnaround time on repetitive tasks by ~75%.
- **Leverages AI for bank and ledger reconciliations and management reporting**, accelerating monthly close by ~25% and surfacing actionable financial insights for leadership.
- **Runs full-cycle accounting** (A/P, A/R, GL, reconciliations, financial reporting) across Zoho Books and Zoho Invoices, and owns end-to-end payroll via Zoho Payroll with PF/ESI/PT compliance.
- Liaises with government departments to obtain permissions and certificates, including lower-deduction certificates, tax certificates, and local tax registrations.
- **Manages GST (GSTR-1, 3B), TDS, PF, ESI** (calculation, deduction, deposit, returns, certificates), and ROC filings end-to-end, including timely replies to governmental notices (GST, PF, PT).
- Conducts internal audits with detailed reporting, and maintains financial health via bank reconciliations, asset tracking, and record-keeping.

Accountant | Smartncode Technologies Pvt Ltd, Hyderabad

February 2024 – October 2025

- Managed financial data across a portfolio of 2–4 group entities using TallyPrime, with Excel-based analysis, reporting, and computations driving accuracy and insights.
- Handled end-to-end payroll for 50–100 employees, ensuring statutory compliance (PF, ESI) and streamlined workflows through software integration.
- Managed monthly GST and TDS compliance across multiple GSTINs — accurate, on-time filings (GSTR-1, 3B, TDS), detailed reconciliation, and prompt remittance.
- Drafted replies to governmental notices (GST, PF, PT), performed bank reconciliations, managed petty cash, and maintained financial records and company-asset tracking.

Accountant | AKRA IT Systems Private Limited, Hyderabad

March 2022 – February 2024

- Boosted accuracy, compliance, and transparent financial reporting using Zoho Books for corporate financial operations.
- Processed invoices meticulously with Zoho Invoices, ensuring accuracy and policy adherence, streamlining operations and record-keeping.
- Streamlined GST return filing (GSTR-1, 3B) and ensured accurate TDS compliance (calculation, deduction, timely deposit, quarterly returns, certificate issuance).
- Managed professional tax applications and Zoho Payroll, ensuring compliance, accuracy, and timely disbursements.

Paid Assistant | SPR And Co, Hyderabad

January 2022 – March 2022 (Internship)

- Conducted internal audits of financial records, operations, and controls, analyzing transaction flow and evaluating risk management.
- Executed stock audits, verifying physical inventory, reconciling discrepancies, and assessing inventory management.

Paid Assistant CA | Eshwar & Co, Hyderabad

February 2021 – October 2021 (Internship)

- Assisted with internal auditing, accounting, and IT return filings.
- Led comprehensive internal auditing, developing and implementing robust methodologies.

PROJECTS

AI & Document Intelligence

Python • RAG • Chroma • local embeddings • Ollama

- Private Tax Knowledge Assistant — retrieval system over the complete Income-tax Act, 2025 and Income-tax Rules, 2026 (1,088 pages), parsed and chunked into 1,505 citation-tagged segments with 100% section coverage. Runs fully local so confidential data never leaves the device.
- Universal Document Chunker — document-agnostic chunking tool with scored structure detection, plus a browser version that processes files client-side with no upload. Handles PDF, Word, Markdown and text; flags scanned PDFs for OCR instead of emitting unusable output.

Tax & Compliance Automation

JavaScript • React • SheetJS

- GSTR-1 JSON Generator — converts marketplace TCS Excel exports into GST-portal-ready JSON, replacing manual re-keying with a one-click conversion.
- TDS Reconciliation Tool — matches TDS ledger against Form 26AS, groups by deductor, flags mismatches within tolerance and exports to Excel; runs entirely in-browser.
